Extracted Clauses & Risk Matrix

#1: Summary **Risk: INFO**

Text: Master Vendor Services Agreement entered into on July 25, 2026, between Tata Group ('Client') and Global Tech Solutions Inc. ('Vendor') for enterprise software support and cloud infrastructure maintenance. SOW dictates vendor exclusivity. Payment terms require Client to pay undisputed invoices within 30 days, subject to a 5% monthly late payment penalty.

Rationale: Comprehensive breakdown of key contract characteristics, active parties, and transactional obligations to ensure proper compliance and oversight.

#2: Missing Expected Clauses **Risk: HIGH**

Text: Data Privacy and Security Compliance (GDPR/DPDP); Intellectual Property (IP) Rights Allocation; Service Level Agreements (SLAs) with service credits; Disaster Recovery and Business Continuity provisions.

Rationale: As this agreement covers cloud infrastructure maintenance and enterprise software support, the absolute omission of data processing parameters, IP allocation for modifications, and performance SLAs exposes Tata Group to severe operational, regulatory, and proprietary risks.

#3: Confidentiality **Risk: MEDIUM**

Text: The obligations of confidentiality shall survive for a period of ten (10) years following the termination of this Agreement.

Rationale: Confidentiality survival period of 10 years violates POL-CON-2026-04, which strictly dictates that confidentiality periods must not exceed 3 years post-termination unless trade secrets are explicitly carved out.

#4: Indemnification **Risk: HIGH**

Text: Furthermore, Client agrees to fully indemnify and hold Vendor harmless against any and all third-party claims, without any cap or limitation on the monetary amount.

Rationale: Unilateral and uncapped indemnification obligations imposed on Tata Group directly violate POL-IND-2026-01, which mandates mutual indemnification for direct damages and strictly forbids accepting uncapped indemnification obligations.

#5: Limitation of Liability **Risk: HIGH**

Text: In no event shall Vendor be liable for any lost profits, loss of data... However, Client's total liability under this Agreement shall remain entirely unlimited.

Rationale: Exposing Tata Group to unlimited liability while completely shielding the Vendor violates POL-LIA-2026-02, which mandates that liability must be strictly capped at 100% of the contract value or fees paid in the preceding 12 months, alongside a mandatory mutual exclusion of indirect/consequential damages.

#6: Termination **Risk: HIGH**

Text: This Agreement shall remain in effect for an initial term of five (5) years. Client may not terminate this Agreement for convenience during the initial term.

Rationale: A 5-year lock-in term preventing Tata Group from terminating for convenience violates POL-TRM-2026-05, which dictates that Tata Group must retain the right to terminate for convenience with a maximum 30-day notice period and prohibits multi-year lock-ins.
